### Third update on Coronavirus epidemic in China

GNI Group Ltd. (GNI Group) is providing a third update on the status of the Coronavirus epidemic in China.

Production in GNI Group factories of Beijing Continent have been started on February 10<sup>th</sup>, although not at full capacity. Workers in the factories and offices are advised to take flexible working hours.

As long as the production starts, we do not foresee supply shortage of Etuary® products in the coming months
